

THE FLAME

Volume XVIII Issue IV

"Put out" by the Camas Valley Fire Department Auxiliary

May 2018

Thanks

The Camas Valley Volunteer Fire Department Auxiliary wants to thank:

- ♦ **Abby's Pizza** in Winston,
- ♦ **Albertson's**,
- ♦ **Bi-Mart**,
- ♦ **JT Berk of Berkshire Hathaway Realty**,
- ♦ **Bernice McClellan**,
- ♦ **Bravo Bakery & Cafe**,
- ♦ **Camas Valley Disposal**,
- ♦ **Cost-Co**,
- ♦ **Douglas County Museum**,
- ♦ **Fred Meyers**,
- ♦ **Harbor Freight**,
- ♦ **Kinnan Engineering**,
- ♦ **Little Caesars Pizza**,
- ♦ **McDonalds**,
- ♦ **Mercy Foundation**,
- ♦ **Oregon Tool**,
- ♦ **Plikat Logging**,
- ♦ **Parkview Skating**,
- ♦ and **Roseburg Forest Products**

for their contributions for the **Camas Valley/Tenmile VFD annual Easter Egg Hunt**. Your support is essential to this beloved community event.

Then, of course, all the wonderful volunteers and participants who give of their time, efforts and talent to make this event possible. We couldn't do this without them! That includes the **Easter Bunny** who magnanimously made time in his

busy schedule to greet and treat our egg hunters. Face it, the Easter Bunny is essential! Of course, a busy bunny has his "assistants", **Toby Mickelson** and **Kristy Winters**. Also assisting the Easter Bunny were the **women of the United Methodist Church** who get all the candy bags ready and Easter baskets stuffed with goodies.

The cake walk wouldn't exist without those **wonderful generous bakers** and **Theresa Herberger** at the bullhorn. *We could always use more goodies!* Thank you all! Theresa also manages the chaos of the basket raffles. While raffles are a game of chance, Teresa tries to make sure everyone gets a chance to be a winner.

We need to thank our wonderful **Grange** for the loan of the tables so we can get everything set up. A big thank you to our community-minded **Camas Valley School** who kindly let us use the grounds to put on this event. Also, thanks to all of you who donated in our collection cans around town. Your donations are a real help.

And last, but CERTAINLY not least, our hardworking **Camas Valley and Tenmile Fire Department's and Auxiliary**, particularly **Vonnie Wallace**.

Good Job Everyone!!!

We appreciate your support!

The Flame
received donations from

Juanita Saul

Scott Schmidt in memory of
his father **Wayman Schmidt**

Lucille Harwood

LeAnn Parker

this month.

The Flame is published using donations only. They may be mailed to:

Vonnie Wallace
1200 Westside Road
Camas Valley, OR 97416

Please make checks payable to
Camas Valley Rural Fire District
and designate them for
THE FLAME.

THE FLAME

The Flame is a monthly publication of the Camas Valley Rural Fire District Auxiliary. The mission of this newsletter is to keep the residents of Camas Valley informed about the events and activities of the fire department, churches, school and civic organizations that are in Camas Valley.

The Flame is provided free to all residents of Camas Valley by mail and anywhere by email.

To submit articles:

Items must be in by the 25th of
the month prior the issue
publish date.

Submit to:

Jan Baker at **541-680-5616**
Judith Wickham at **541-733-6940**
jwickham52@gmail.com or
150 Buck Springs Rd. Camas Valley

Winston-Dillard Food Pantry

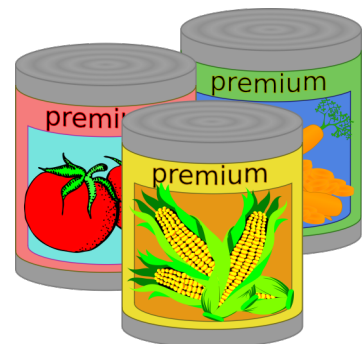

Sunny skies and warm temperatures put a spring in our step (pun intended). May can be so alluring but deceptive—we know those cold rains can show up all the way to the weekend after July 4th. Enjoying the present while being prepared for future challenges is a healthy attitude. If you are sitting in the catbird seat at the moment, put a little something into the **Winston-Dillard Food Pantry** barrel at the PO. Maybe you won't need the assistance, but someone you know may.

You can support the W-D Food Pantry by donating non-perishable food items, by writing a check to :

Winston-Dillard Food Pantry
c/o Betty Wittrock
PO Box 213
Camas Valley, OR 97416

or call Betty at **541-445-2855** about joining the crew that goes over to help Monday and/or Wednesday.

Why an email subscription?

Email allows you to keep friends and family that have left the valley to keep up with the events that affect this community. **Or maybe you would just like to get the Flame (in color!) early, by the 26th.**

Send name and email address to:

jwickham52@gmail.com

and an electronic copy will be sent to them each month, **free.**

Thank you to everyone
who came to the

Jennifer Parker Banks Variety and Art Show

on Saturday, April 8. There was an estimated 200+ people in attendance. If you didn't attend, you missed out on a wide variety of performances including instrumental, vocal, and dance routines. There were beautiful oil and pastel paintings, jewelry, woodwork, and gift certificates that were up for bid during the silent auction and we must not forget all the delicious homemade pies and cookies that were generously donated by the Camas Valley community and eaten. Yum!

The proceeds from the evening show brought in over **\$1900.00**, which all went into the **Jennifer Parker Banks Scholarship Fund** at Camas Valley School. Each year a graduating senior at Camas Valley School, who has a 3.5 GPA or higher, is eligible for the **JPB Scholarship**. We have proudly given this scholarship for 21 years, but it would not have been possible if it wasn't for the people of Camas Valley and surrounding communities who have donated so generously with the giving of their talents in art, music, dance, dessert making, money and time. **So, thank you very much Camas Valley for your generous heart of giving!**

If you didn't make this years show, plan to be a part of the show or just come for an evening of fun next year, tentatively scheduled for **Saturday, April 6, 2019 at 6pm**. See you then!

Grange Dates

- ♦ **Tues. May 1st** a delicious **Community Meal** starts at **Noon**.
- ♦ **Tues. May 8th at 10 AM**, business meeting to plan next month's meals.
- ♦ **Tues. May 22nd** our **Senior Meal** at **Noon**. Both the Community and Senior Meals are followed by Bingo!

Rummage SALE

With May comes Memorial Day,
and with Memorial Day comes the

Annual Camas Valley United Methodist Rummage Sale!

Friday, May 25th, 9-4
\$5 a bag

Saturday May 26th, 9-1
\$3 a bag

Large items priced as marked.

- ♦ Lots of toddler toys
- ♦ Linens
- ♦ Housewares
- ♦ Furniture
- ♦ Dehumidifiers
- ♦ Clothing
- ♦ Luggage
- ♦ And so much more!

We are still accepting gently used items. No beds/electronics. Leave at side door or call for assistance.

Betty 541-445-2855
Brad 541-733-4791

May is Electrical Safety Month

Electrical Safety

Flipping a light switch. Plugging in a coffeemaker. Charging a laptop computer. These are second nature for most of us. Electricity makes our lives easier. However, we need to be cautious and keep safety in mind.

SAFETY TIPS

- Have all electrical work done by a qualified electrician.
- When you are buying or remodeling a home, have it inspected by a qualified private inspector or in accordance with local requirements.
- Only use one heat-producing appliance (such as a coffee maker, toaster, space heater, etc.) plugged into a receptacle outlet at a time.
- Major appliances (refrigerators, dryers, washers, stoves, air conditioners, microwave ovens, etc.) should be plugged directly into a wall receptacle outlet. Extension cords and plug strips should not be used.
- Arc-fault circuit interrupters (AFCIs) shut off electricity when a dangerous condition occurs. Consider having them installed in your home.
- Use ground-fault circuit interrupters (GFCIs) to reduce the risk of shock. GFCIs shut off an electrical circuit when it becomes a shock hazard. They should be installed inside the home in bathrooms, kitchens, garages and basements. All outdoor receptacles should be GFCI protected.
- Test AFCIs and GFCIs once a month according to the manufacturer's recommendations. You do not need a flame to start a fire. Fires can start when heat builds up near things that burn. This can happen when a hot light bulb is near things that burn, such as cloth or paper, or a cord has been placed under a carpet.
- Check electrical cords to make sure they are not running across doorways or under carpets. Extension cords are intended for temporary use. Have a qualified electrician add more receptacle outlets so you don't have to use extension cords.
- Use a light bulb with the right number of watts. There should be a sticker that indicates the right number of watts.

IMPORTANT REMINDER

Call a qualified electrician or your landlord if you have:

- Frequent problems with blowing fuses or tripping circuit breakers
- A tingling feeling when you touch an electrical appliance
- Discolored or warm wall outlets
- A burning or rubbery smell coming from an appliance
- Flickering or dimming lights
- Sparks from an outlet

# **Healthy Eyes, Good Vision** by Kathy Weaver, RN

Your eyes are an important part of your overall good health. The National Eye Institute (NEI) established May as **Healthy Vision Month**. While we visit the doctor for health problems, diseases of the eye may go unnoticed and can lead to vision loss. The earlier they are detected, the better. More than 23 million American adults have never had an eye exam. You should have eye exams as recommended by your primary care provider, but certainly if you notice any new problems with your eyes you should see a health care professional.

Eye exams include a dilated exam, which allows visualization of the inside of the eye and is one way eye diseases are detected, i.e. diabetic retinopathy, glaucoma, age-related macular degeneration. As mentioned, there may not be any warning signs, so these exams are recommended as part of a routine eye exam schedule.

## **Eye Care Tips:**

**Eat a healthy, well-balanced diet** of fruits and vegetables (particularly deep yellow and leafy green vegetables), and fish high in omega-3 fatty acids (i.e. salmon, tuna, halibut).

**Maintain healthy weight and exercise regularly.** Being overweight may increase your risk of diabetes, which puts you at higher risk of diabetic retinopathy or glaucoma. Exercise may help lower high blood pressure and cholesterol, which too can cause eye and vision problems.

**Wear sunglasses and protective eye wear.** Protect your eyes with

sunglasses that block out 99 to 100 percent UV-A and UV-B rays, which can damage your eyes, putting you at greater risk of cataracts and macular degeneration. Protect your eyes during sports and job-related projects.

**Do not smoke.** Smoking can damage the optic nerve, increase risks of age-related eye diseases, i.e. macular degeneration and cataracts.

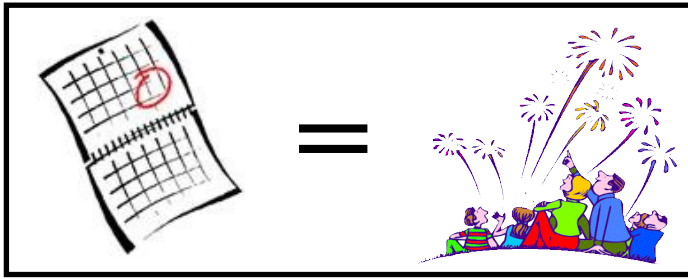

**Know your risks and family history.** If you know you are at a higher risk of some eye diseases, let your provider know in order to help detect early problems.

**Contact use** requires proper care to help avoid eye infections. Clean your hands before putting your contacts in or taking them out. Also, keep your contacts clean per instructions.

**Rest your eyes.** If you spend a lot of time on the computer, you can try the 20-20-20 rule: After 20 minutes, look away about 20 feet and for 20 seconds. Don't forget to blink.

Even though keeping your eyes healthy may prevent vision loss from eye diseases, many people do not get their eyes checked because they do not have any eye problems. We must understand that most eye diseases do not have any symptoms in their early stages. The National Eye Institute projects that by 2030, there will be 11.4 million people with diabetic retinopathy, 4.2 million with glaucoma, and 3.7 million with age-related macular degeneration, it is important to make

*EYES continued pg. 9*

### ***(Birthday calendar=Fireworks)***

Not good at math (maybe it is algebra since there are letters in it) or hieroglyphics? All proceeds from the birthday calendars, in conjunction with support from sponsors and donations, goes directly to supporting the Pyros in producing our annual phenomenal fireworks display.

So what is a Birthday Calendar? It is a long running tradition in the valley to fund valley events while keeping track of birthdays and anniversaries of friends, family, and neighbors. The Pyros are the latest group supported by these proceeds.

Birthday calendars cost **\$5 per calendar plus \$0.50 per entry**. Birthdays and anniversaries, no limit to the number you want to post!

### ***If you want a birthday calendar for next year:***

- ♦ Call **Mary Helen Banks** at **541-643-6317**.
- ♦ Supply/update your information.
- ♦ Pay her for the calendar.
- ♦ You will receive a calendar in September.

We are starting fresh! **Calendars will be ordered for those who call.** **No call—no calendar, no entry.** Don't miss out on receiving an old family friend or becoming part of the community! Call Mary Helen today!  
**541-643-6317**

## ***Opportunity to serve Budget Committee opening***

Camas Valley School District Budget Committee is open for selection. The Board is currently seeking a qualified applicant to fill this vacancy. The applicant selected will serve on the Budget Committee for a three-year term, beginning May 3, 2018 through June 30, 2021.

The Budget Committee plays a vital role in assisting the District and the community in reviewing the proposed budget each year before the proposal is presented to the Board for adoption. The Board invites interested community members to submit a letter of interest to be considered for appointment to the Budget Committee to the Camas Valley School office between 8 am-4:00 pm. Monday through Thursday.

If you have any questions, please contact the office at  
**(541) 445-2131.**

# Camas Critters 4-H Club

By: Olivia Dedmon, *Club Reporter*

4-H is an interesting way to interact with people and animals. You can do multiple different things in 4-H, but one includes Lamb Show. For Lamb Show you have to raise and sell a lamb for market. Grades 4-12 can show in this event. This year the 79<sup>th</sup> Annual Douglas County Lamb Show is on Saturday June 2 at the Douglas County Fairgrounds. This is an all-day event, starting at 9 am with Market Confirmation classes, then a barbecue from 5:00 - 6:30 pm. The Auction begins at 7:00 pm. During the auction a variety of people, businesses and companies bid on your lamb to buy it.

This year Camas Critters has 14 members who will be showing at the Lamb Show. As a whole group we invite you to come down and support your local 4-H Club. We would also like to thank the Grange for letting us use the hall for our 4-H meetings.

Hope to see you all there!

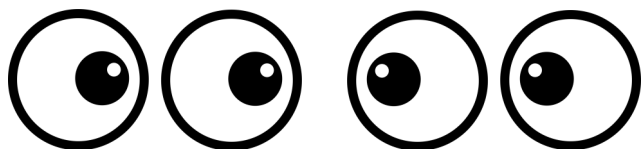

EYES continued from pg. 6

sure everyone is getting their eyes examined as recommended. We have some time before Healthy Vision Month in May: it's a good time to start thinking about a checkup on our eyes.

If anyone is interested in further promoting Healthy Vision Month, you can visit [www.nei.nih.gov/hvm](http://www.nei.nih.gov/hvm) for tools and resources to help spread the word.

The directory will be printed when space allows through-out the year. We encourage our readers to patronize local businesses and support your neighbors!

Household ants can be a huge pain, especially when they form long, winding conga lines to your pantry or kitchen counters. Ant sprays only kill the ants you see, baits are a long-term ant control method that can destroy whole colonies. Here is a bait that works and is my favorite. It is jelly/Borax. Borax is a form of boric acid, a common poison found in many types of ant bait. When mixed with a sufficient amount of jelly, borax becomes a highly palatable home-made ant poison.

There are many recipes such as mixing Borax with peanut butter, jellies, maple syrup but the one I use and know for absolutely sure it works is a 2/1 ratio of mint apple jelly to Borax (I have tried different flavors of jelly, but mint apple is the one that works for me every time). Mix well. (Texas A&M recommends combining 1 teaspoon of borax into a cup of mint apple jelly). You need to mix the borax into the jelly thoroughly due to the sharp crystals of the soap. The ants will feel them and keep away from the wonderful food source.

Ant baits work by tricking worker ants into believing they are gathering food that is valued by their colony. A few scout ants go ahead of the rest once they locate and inspect a potential food source, they return to the colony to alert worker ants. These worker ants then appear in droves to collect as much of the food as possible, before it disappears. Because low doses of borax are slow-acting, the ants that are carry-

ing the food inside their bodies aren't killed while transporting a poisoned bait back to their colony. Instead they feed it to everyone, including the queen, slowly eliminating the entire colony. Because it is slow-acting, it can take several weeks for a colony to be eliminated. It has only taken a few days before I have seen good results.

When using the jelly bait, make sure to select a location along an existing ant trail that is away from direct light. The longer you can keep the jelly moist, the longer the bait will be useful. I put the jelly/borax mix on a small lid or plate. If ants aren't taking the bait, you may need to move it around a bit. When the ants find it, it is incredible to watch. One minute there are no ants on the poison and then there are thousands of little ants happy to eat the jelly mixture. Within days some ants are dead on the potion and others are gone taking their food findings with them to the colony

This bait recipe might work slowly, but once working it will take care of the ants for a couple of years before another colony finds you. As I said in the beginning of this article, sprays will work on your present ant line, but not the colony. Not only do you have poison on your counters and in the air after spraying, but the ants will come back. With this safe for human and pets bait you will have to tolerate the ants a few days longer but you won't see them again for years once the ants find the sweets you have left for them.

## Superintendent's Message

We are at the busiest time of year for our school, so there is much to be aware of in the coming month.

- ♦ Senior Project presentations are on **May 3<sup>rd</sup>** starting right after school.
- ♦ Our first budget meeting is **May 3<sup>rd</sup>** in the library at 7:00 p.m.
- ♦ We have a Title 1 parent meeting for those who are interested on **May 3<sup>rd</sup>** in the library at 6:00 p.m.

- ♦ **Teacher appreciation week is May 7<sup>th</sup>-11<sup>th</sup>**

- ♦ Prom is **May 19<sup>th</sup>** at the grange.
- ♦ The last day for seniors is **June 1<sup>st</sup>**.
- ♦ Graduation is **June 8<sup>th</sup>** in the gymnasium.
- ♦ 8<sup>th</sup> grade promotion/celebration is in the gymnasium on **June 11<sup>th</sup>**.
- ♦ The last day of school and Elementary field day will be on **June 13<sup>th</sup>**.

I'd like to encourage our community and parents to reach out to your child's teacher to express your gratitude for the work they do with your child. ***The week of May 7<sup>th</sup>-11<sup>th</sup> is National Teacher Appreciation Week and would be a perfect time to do this.*** We have a phenomenal staff who are doing great work with the kids. They would appreciate an email, phone call, card, note or any other gesture from parents and community that would let them know you appreciate all they do.

Go Hornets!

Sincerely,

Patrick Lee
