

THE FLAME

Volume XIV Issue XI

“Put out” by the Camas Valley Fire Department Auxiliary

Dec. 2014-Jan.2015

December 6th is almost here!

If you haven't finished your silent auction item yet, you still have a week to polish it up. Or make that shopping list so you can include a donation to the **Winston-Dillard Food Pantry** barrel that will be waiting at the Grange Hall for your addition. And don't forget you could always add to the assortment of home-baked goodies for sale at the **Bake Sale**.

Aren't in the Christmas mood ? The **Camas Valley Volunteer Fire Department Appreciation Dinner** will get you eagerly anticipating all the joys of the season. A delicious meat entrée, mashed potatoes, gravy, rolls, and drinks are supplied by the Fire Department, the side dishes and desserts (oh my, what desserts!) are potluck. **No admission charge-what a deal!**

Doors open at the **Grange Hall** at **5 pm** so you can ogle the silent auction items and quilts. Supper begins at **6**. Quilt auction begins at **7**. **The Angel Tree** will be waiting for you, as well as some hopeful children. **Tina** and **Mary Helen** will help with suggestions if you need gift ideas. Speaking of hopeful children, the **Kids' Corner** will be open for business, too. You can finish your Christmas shopping, support your Fire Department with a tax-deductible donation, get a great meal, and get to know your neighbors better all in one evening!

All proceeds support the Fire Dept. Hope to see you all on the 6th!

The holidays are for sharing

It is particularly painful for parents to have no food for Christmas. **Dillard-Winston food bank** tries to supply food items for the holidays in their food boxes. That means they need

- ♦ Contributions to purchase turkeys
- ♦ Ingredients for pie
- ♦ Box stuffing
- ♦ Yams or other canned vegetables
- ♦ Roll mix

There is a great need.

We are a generous people. Questions? Call Betty at **541-445-2855**.

Dec.-Jan. schedule for Grange

- ♦ **Tues. Dec. 2nd/Jan. 6th** Ladies' Luncheon at **noon** with bingo after.
- ♦ **Tues. Dec. 9th/Jan. 13th** at **10 AM**, is the business meeting to plan the next luncheons.
- ♦ **Tues. Jan. 27th** Senior luncheon at **noon** with bingo after. **No Dec. Senior Luncheon**

Why an email subscription?

Email allows you to keep friends and family that have left the valley to keep up with the events that affect this community. **Or maybe you would just like to get the Flame (in color!) early—by the 26th.**

Send name and email address to:

jwickham52@gmail.com

and an electronic copy will be sent to them each month, free.

Thank You For Your Support

We received

No donations

this month.

Remember our Flame is published using donations only. They may be mailed to:

Vonnie Wallace
1200 Westside Road
Camas Valley, OR 97416

Please make checks payable to **Camas Valley Rural Fire District** and designate them for **THE FLAME**.

THE FLAME

The Flame is a monthly publication of the Camas Valley Rural Fire District Auxiliary. The mission of this newsletter is to keep the residents of Camas Valley informed about the events and activities of the fire department, churches, school and civic organizations that are in Camas Valley.

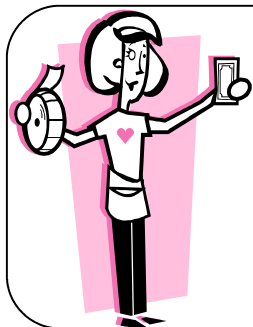

The Flame is provided free to all residents of Camas Valley by mail and anywhere by email.

To submit articles:

Items must be in by the 25th of the month before the issue publish date.

Submit to:

Jan Baker at **541-680-5616**
Judith Wickham at **541-733-6940**
jwickham52@gmail.com or
150 Buck Springs Rd. Camas Valley

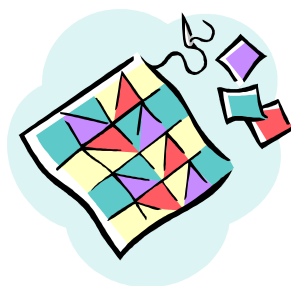

Quilt Raffle Tickets for Sale!

Have you seen the **Raffle Quilt** hanging in the **Bravo Bakery and Café**? Guys, check out this year's quilt—perfect for the man cave—a masculine Western theme 100" X 111" quilt, large enough for a coverlet for a King or a quilt for a Queen.

We should thank **Linda Underhill** for her time and effort put into creating this beautiful quilt. She has created a number of quilts for the Fire Dept. over the years and it is greatly appreciated.

You may purchase raffle tickets at the **Bravo Bakery & Café, Market Plus, the DC Co-op Winston store** and from **Betty**. Tickets are still only \$1 per ticket. Support your local firefighters and your community. You may get lucky!

WANTED!

Yes, YOU!

Camas Valley Volunteer Fire Department needs volunteers to provide fire protection to our community. By having our fire department, we not only help our neighbors in case of an emergency, but help them every day by lowering fire insurance rates.

- ♦ Learn important skills,
- ♦ be a part of an exciting team,
- ♦ help your community,
- ♦ looks great on a resume!

Training is provided, we just need you. Interested? Just want some more information? Come to the Fire Hall any Wednesday evening at 7 pm.

Carolers gladden hearts—ears, not so much...

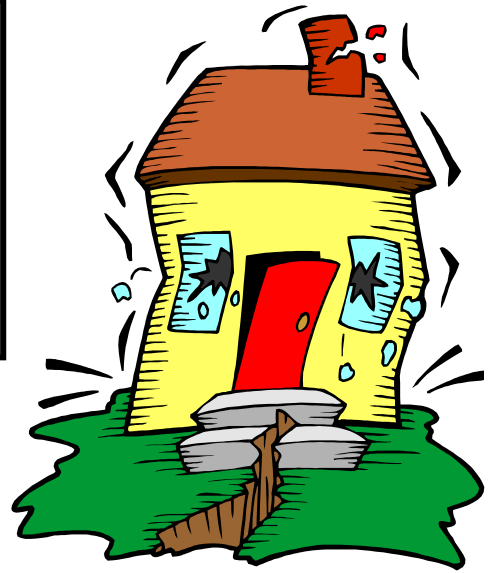

We have never claimed to be accomplished singers, just your neighbors spreading some Christmas joy. Would you like to share some Christmas magic and join us in serenading friends and loved ones? Know someone that would appreciate a visit from carolers? We cannot cover the entire valley in one evening, but try to make it to every house on our list. Hey, its better than getting TP'd.

Please give names and clear directions to **Diana** at **541-445-2274** or **Judith** at **541-733-6940**. Better yet, join us **Tues., Dec. 9th 5:30ish** at the UMC parking lot. Goodies will be served at 8 pm at the Wickhams.

EARTHQUAKE! ARE YOU READY? YOU KNEW IT WAS COMING!

Ok, so maybe you thought you were ready. Well, get ready, an earthquake is coming and this is not a fear tactic. You need to plan for it. If an earthquake doesn't happen, lucky you; if it does, you are ready.

Know the terms:

EARTHQUAKE: A sudden slipping or movement of a portion of the earth's crust, accompanied and followed by a series of vibrations.

AFTERSHOCK: An earthquake of similar or lesser intensity that follows the main earthquake

FAULT: The fracture across which displacement has occurred during an earthquake.

EPICENTER: The place on the earth's surface directly above the point on the fault where the earthquake ruptures began.

SEISMIC WAVES: Vibrations that travel outward from the earthquake fault at speeds of several miles per second.

MAGNITUDE: The amount of energy released during an earthquake which is computed from the amplitude of the seismic waves.

What to do during an earthquake?

If you are indoors:

Take cover under a sturdy desk, table, or bench or against an inside wall
Stay away from glass, windows, outside doors and walls

if you are in bed when the earthquake strikes- stay there

Use a doorway for shelter only if it is in close proximity to you and if you know it is a strongly supported, loadbearing doorway

Stay inside until the shaking stops and it is safe to go outside.

Be aware that the electricity may go out or the sprinkler systems or fire alarms may turn on.

DO NOT USE THE ELEVATORS.

If you are outdoors:

Stay there

Move away from buildings, streetlights, and utility wires

In a moving vehicle:

Stop as quickly as safety permits and stay in the vehicle.

Proceed cautiously once the earthquake has stopped, watching for road and bridge damage.

Trapped under debris:

Do not light a match

Do not move about or kick up dust

Cover your mouth with a handkerchief or clothing

Tap on a pipe or wall so rescuers can locate you

EARTHQUAKE continued on pg 5

Now what? Do you have that Disaster Kit you were told to put together so many times? Do you have water? Do you have shelter?

Your disaster kit should be where you can get to it and should contain essential food, water, and supplies for at least 3 days. Consider your individual needs, depending on age, physical condition, activity, diet, and climate. You should have at least one gallon of water per person per day.

Avoid foods that will make you thirsty. Choose salt-free crackers, whole grain cereals, and canned foods with high liquid content. Stock canned foods, dry mixes, and other staples that do not require refrigeration. Include special dietary needs.

When putting together a basic disaster supplies kit consider these recommended items:

- ♦ 3-day supply of non-perishable food
- ♦ 3-day supply of water
- ♦ Portable, battery-powered radio or TV and extra batteries
- ♦ Flashlight and extra batteries
- ♦ First aid kit and manual
- ♦ Sanitation and hygiene items
- ♦ Matches and waterproof container
- ♦ Whistle
- ♦ Extra clothing
- ♦ Kitchen accessories and cooking utensils, including a can opener
- ♦ Cash and coins
- ♦ Photocopies of credit and identification cards
- ♦ Special needs items, such as prescription medications, eye glasses
- ♦ Items for infants, such as formula, diapers, bottles, and pacifiers
- ♦ Other items to meet your unique family needs
- ♦ Jacket, long pants, long sleeve shirt, sturdy shoes, hat, mittens, sleeping bag.
- ♦ Your pet's needs

Good ideas to consider for a serious emergency:

- ♦ Water purifier because your water source may be compromised
- ♦ Supply of prescription medications for you and your pets
- ♦ Surplus fuel for your generator

We will all need to help each other in a disaster. Be ready for you, your family, your neighbors, and your community. What are the physical needs of your neighbors? Can you help each other? Be prepared!!! Don't ask what the community can do for you, but what you can do for your community.

Ketti Walker RN

Attention valley residents interested in connecting to DFN

Douglas Fast Net is looking at expanding into Camas Valley due to the interest expressed by valley residents to the Douglas Fast Net office. They plan to provide residential fiber internet service at two levels,

- ♦ 100Mbps/10Mbps or
- ♦ 250Mbps/10Mbps,

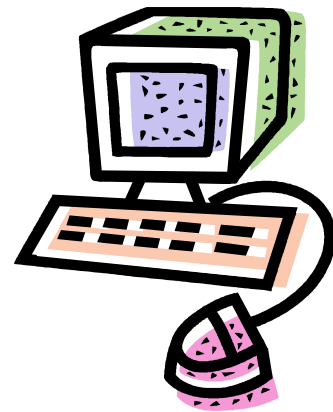

and digital voice service at two levels,

- ♦ *standard* with unlimited local calls, 200 domestic long distance minutes, with enhanced 911 or
- ♦ *premium voice* with unlimited local calls and domestic long distance, voicemail/voicemail to email, find me, call forwarding, caller ID, call waiting, call ID blocking.

They need commitments from those who have expressed interest and have you sign a Service Agreement. Details on installation and charges are available at the Douglas Fast Net office **541-530-5020**.

The information they will require is:

1. Names on account
2. SSN# or Driver's license #
3. Address
4. Phone number
5. Alternate phone number
6. Email address
7. Level of internet service wanted
8. Level of phone service wanted (if interested)
9. Are you interested in WiFi router?

Douglas Fast Net needs this information soon so it can begin designing the fiber network. If you are interested, please get your information to them. If you need more information regarding services and rates, call them at **541-530-5020**. There are price advantages to being included in the initial network installation.

Go Visit Vickie This Holiday Season

The next two months are filled with mailing Christmas cards and getting those Christmas packages out on time. And don't forget getting a box off to the troops. **Vickie Farmer** at the **Camas**

Valley Post Office can keep you on schedule and supplied with stamps and boxes. Support our local post office!

I have always thought of Christmas time, when it has come round, as a good time; a kind, forgiving, charitable time; the only time I know of, in the long calendar of the year, when men and women seem by one consent to open their shut-up hearts freely, and to think of people below them as if they really were fellow passengers to the grave, and not another race of creatures bound on other journeys.

~Charles Dickens

For Your Information

Landowners United requested space in **The Flame** to provide a series of articles on the proposed LNG pipeline. The opinions expressed are of **Landowners United**, which is solely responsible for any information provided within this article.

PRESS RELEASE [updated]

November 8, 2014 ***For Immediate Release***

Pipeline Awareness Southern Oregon Chairperson Stacey McLaughlin charged the United States Federal Energy Regulatory Commission (FERC) with failing to respond to the global climate crisis in its release of the Draft Environmental Impact Statement (DEIS) for the Pacific Connector Gas Pipeline and the Jordon Cove LNG Energy Projects. McLaughlin stated, “We are not surprised FERC rubberstamped the project in favor of Canada’s Veresen, Inc., and its partner Williams Pacific Connector Gas Pipeline. It is simply another example of government disregarding climate science and trampling private property rights in favor of corporate profit and greed.”

Pipeline Awareness Southern Oregon
<http://www.surcp.org/pasoc.html>

The growing momentum of toxic fracking in the United States is draining natural gas reserves and pushing energy companies such as Veresen, and Williams to exploit private shareholder earnings by exporting LNG to China and other non-free trade nations.

McLaughlin said FERC and other Federal agencies are ignoring the facts surrounding the production and use of natural gas, quoting an analysis by a team of Cornell University scientists led by Professor Robert W. Howarth. The study states, “Unconventional gas—particularly when it is extracted from shale using hydraulic fracturing methods—is likely to present an even greater climate disruption threat than coal and oil, the other dirty fossil fuels. McLaughlin stated, “We cannot ignore that methane emissions from fracking are creating a greater overall greenhouse gas impact than previously understood. It is a myth that natural gas is a clean energy. Oregon, is a spigot as a shipping point and we have the power to positively impact climate change and stop at least some of the damage. Natural gas wells are routinely poisoning water for Americans in other parts of the country, these wells are the blood diamonds of the U.S.”

Douglas County wildlife biologist Cindy Haws stated that the proposed pipeline will virtually eliminate the historic progress the Southern Oregon environmental and timber communities have made with regard to habitat for protected and endangered species. The pipeline will affect over 400 rivers, streams and wetland areas and traverse old growth forests and mid-production timber stands. According to Haws, “The long-term impacts of the ecological degradation of these projects far outweigh any temporary economic gains that the communities of Southern Oregon may realize.”

(**PRESS** continued on pg. 8)

(**PRESS** from pg. 7)

FERC will be conducting meetings to receive public input regarding the Draft Environmental Impact Statement throughout the Southern Oregon Region in December beginning at 6:00 p.m. at the following locations:

Monday, December 8, Southwest Oregon Community College
(541) 888-7250

Tuesday, December 9, Umpqua Community College
(541) 440-4705

Wednesday, December 10, Seven Feathers Casino Hotel & Convention Center
(541) 548-8641, ext. 1218

Thursday, December 11, Central Medford High School
(541) 842-3669 or (541) 842-3680

Friday, December 12, Oregon Institute of Technology
(541) 895-1032

Saturday, December 13, Malin Community Hall
(541) 723-4141

In response to the scheduled meetings, Jody McCaffree, Executive Director for Citizens Against LNG stressed, “It is all hands on deck to examine this DEIS and file comments with FERC. Our lives depend on all i’s dotted and t’s crossed for compliance with the National Environmental Policy Act. Frankly, we don’t believe it is possible.”

The threat of eminent domain, the taking of private property for corporate profits is another serious threat facing Oregonians, according to Clarence Adams of Landowners United. Many of Oregon’s private property owners have vowed, they will do whatever it takes, to prevent Williams Pacific Connector from constructing a 36” high pressure natural gas pipeline through their lands.” The Pipeline construction will cross more than 150 miles of private lands, all subject to eminent domain, and 75 miles of public lands.

The grassroots efforts of Pipeline Awareness Southern Oregon, Landowners United and Citizens Against LNG, along with numerous environmental organizations are involved in extensive efforts to prevent the exploitation of Southern Oregon communities.

School Christmas Program Wed. 17th

Students of all ages have been working hard to present this Christmas program for our community. Remember to bring goodies to share and enjoy. **6:30 pm Wednesday**

Dec. 17th !

Superintendent's Message

Our Christmas Program will take place on December 17th, at 6:30 in the Camas Valley School Gym. Once again Beth and Jerry have stepped up to lead the program, and we are so happy to have them as they do a terrific job. Kids from kindergarten to 12th grade will take part in the program emphasizing our unique k-12 environment. We expect great music, lots of fun, and a visitor from the North Pole. Please bring your family and help us celebrate our school and the holiday season.

We would like to have a treat for everyone to enjoy after the show, so we encourage families to bring in a plate of cookies, brownies, cupcakes, or some other easy to eat finger food/dessert.

At the show this year, we will be trying to get families to fill out surveys for our charter school. As part of our charter status, we must survey families with students in the school to see how they feel

we are doing at serving their children. Please help us get the best feedback possible by filling out a survey while you are at the program.

Also, be on the lookout for a play from our Drama class in January. The date for that is currently set for January 15th. It sounds like a really fun play, so save that date and plan to support our local thespians.

Finally, I'd like to again remind any families of pre-school age kids to contact the school so that we can determine if there is enough interest in the valley to consider starting a pre-school. We want to do something to help early childhood education, but we need to know who would be involved before we can make a commitment.

Happy Holidays!

Patrick Lee
Superintendent/Principal

2014 Football Season

To the parents and all of those who have supported these young men throughout the year, we are truly thankful for everything. These young men are blessed to grow up in a great community with those who love them. To the players the **2014 Camas Valley Football team**, it has been an honor to be a part of your lives and be called your coach. The time and dedication that you guys have committed to one another is special. You have accomplished a lot together. UNITED YOU STAND, DIVIDED YOU FALL.

To Pete and Chad and their wives, as well as my wonderful wife Kirsten, thank you for the time and love you pour into these young men. Camas Valley is blessed to have people like you. This would not be possible without many people. Together we have built something special.

God Bless,
Eli Wolfe

NEW TESTING FOR OREGON STUDENTS

This year Oregon students in grades 3 through 8 and grade 11 will be taking a different standardized test called the Smarter Balanced Assessment. This test, called the SBAC, replaces the OAKS assessment for math and reading that students have taken since 2008. The math section on the new test is comprised of several different question types: SR—selected-response, CR—constructed-response, ER—extended-response, TE—technology-enhanced, and PT—performance task.

Below are examples from 6th grade. Please look for additional sample items from other grades in upcoming FLAMES. More information about SBAC, for both Math and Language Arts, can be found at www.smarterbalanced.org or contact the school at 445-2131.

6th grade Sample SBAC Item

Extended-Response Test Item

Part A

Ana is saving to buy a bicycle that costs \$135. She has saved \$98 and wants to know how much more money she needs to buy the bicycle.

The equation $135 = x + 98$ models this situation, where x represents the additional amount of money Ana needs to buy the bicycle.

- When substituting for x , which value(s), if any, from the set $\{0, 37, 98, 135, 233\}$ will make the equation true?
- Explain what this means in terms of the amount of money needed and the cost of the bicycle.

Part B

Ana considered buying the \$135 bicycle, but then she decided to shop for a different bicycle. She knows the other bicycle she likes will cost more than \$150.

This situation can be modeled by the following inequality. $X + 98 > 150$

- Which values, if any, from -250 to 250 will make the inequality true? If more than one value makes the inequality true, identify the least and greatest values that make the inequality true.
- Explain what this means in terms of the amount of money needed and the cost of the bicycle.

6th grade Sample SBAC Item

Computer Enhanced Test Item

Drag one number into each box to create three true mathematical statements.

$$\boxed{} > \boxed{}$$

$$\boxed{} < \boxed{}$$

$$\boxed{} = \boxed{}$$

$ -2 $	6	7	-3
$ -5 $	-6	-7	$ -7 $

Dear Parents,

This year our goal is to raise \$1000 for our school using Box Tops for Education. We have already raised over \$200 towards that goal.

Camas Valley Business Directory

To have your business included in the **Flame**, please fill out the form below and mail or email it to the address listed. *If you missed the opportunity to get your business listed, now is the time to get your information out before our readers!*

The directory will be printed when space allows through-out the year. We encourage our readers to patronize local businesses and support your neighbors!
